Stop Paying Contingency Fees to your Collection Agency

Did you know that 70-80% of all collection agencies recover your delinquent patient money by letter writing campaigns alone. Rarely, do they ever pick up the phone to recover your money. Save the 30-50% you are paying to outsource your collections by using the Transworld Systems Demand Series Letter Campaign first, at a low cost of around \$13 per delinquent account, with no percentages taken from what we help collect.

Low fixed fee averaging \$13 or less per assignment

- Most clinics are already sending out in-house collection letters. Let us do it for you. Transworld Systems saves you the time, money, and materials associated with mailing collection letters. Because you're not paying contingency fees, you can start your 3rd party collections earlier.
- NO MORE STAMPS, NO MORE STUFFING, NO MORE CERTIFIED LETTERS : We'll incur all the costs and labor for you at our low fixed fee per account. No more "I didn't have time to send out the collection letters this month."
- Send the Demand Series Letter Campaign to a Web-Demands collection agency, not the accounts that can be collected by a simple 3rd party letter.
- You never have to wait to receive a check payment from us because the debtor is instructed to pay you directly.
